

PEARL'S RECENT LAUNCH OF 1ST INSTALLER SCHEME APPROVED BY CORGI FENESTRATION – BLAZING A TRAIL INTO 2019!

Pearl Window Systems has become the 1st super fabricator to gain approval status for their revolutionary Installer Scheme, approved by CORGI Fenestration. Having witnessed the outstanding benefits of the Installer Scheme, along with extended warranties and a Self Certification process, Pearl have already had 16 companies sign up within the first few days of 2019.

You too can now have access to the most recognised consumer mark in the glazing industry – CORGI.

Jeff Walsh, Managing Director of Pearl Window Systems, comments: "We are pleased to announce the launch of 'The Signature Collection' together with the ground-breaking news that we have successfully, with the help of CORGI Fenestration, launched the very first Approved Installer Scheme. This is accompanied with an extended warranty scheme direct to the homeowner. These new and exclusive benefits are sure to set our customers from the crowd. The companies who have recently signed up, all 16 of them, are already reaping the benefits of our scheme."

Chris Mayne of CORGI Fenestration added: "We are delighted to welcome Jeff and his team into the CORGI Fenestration family. The company's ethos reflects our own - trust, reliability, expertise and quality. We look forward to working with them over the coming years."

CORGI Fenestration covers the whole supply chain from system houses, fabricators, component and IGU manufacturers through to installers and repair and maintenance services. Companies and individuals registered with CORGI Fenestration, recognised for their trust, reliability, expertise and quality, can shout about this best practice by displaying the most recognised mark in the home improvements sector.

Products covered are: windows, roof windows, roof lights, doors, roof lanterns, conservatories, orangeries, glass extensions,

sun rooms, tiled roof glass extensions, replacement conservatory roofs, porches, shop fronts, curtain walls, facias, bargeboards, cladding, soffits, guttering and downpipes.

CORGI Fenestration also covers the best in qualifications. It accepts all glazing sector NVQs awarded by partner organisation GQA Qualifications and all in-house training recognised by them. Staff with these qualifications can now be issued with their personal CORGI Fenestration branded card and will be listed on a Skills Register.

NO OTHER FABRICATOR IS OFFERING THIS!

Pearl Window's Approved Installer Scheme offers both the homeowner and the installer a whole host of benefits:

Homeowner

- No cost passed to the homeowner for extended warranties and consumer protection – it's provided free of charge.
- Full complaints procedure in place, if required.
- CORGI Fenestration – a trusted brand = more confidence in buying your products & services.
- TripAdvisor style rating system, more confidence to buy.
- Skills Card shows your ability to carry out the work required, further customer confidence, helping achieve more sales.

Installer

- Self-certify your own installations. No more IBG's, no more Fenestration Registrations. All taken care of through an easier, 'one online entry' through Pearl's exclusive portal.
- Bridge the gap between fabricator and installer, right down to the end-user.
- Cost per installation registration/address is just £15.
- The fee includes so much more than other schemes provide and is also priced less than many other schemes.

Jeff Walsh concludes:

"We are looking for like-minded people to register for the new scheme. It's a simple one form online completion to register your installation (no more FENSA or CERTAS etc.) We are committed to offering the training you and your sales team need to outline the many unique selling points. All this is offered free of charge on our extendable warranties.

"These unique sales benefits are exclusive to our Approved Installer Scheme and will enable you to secure sales more quickly, manage your business moving forward and place you ahead of your peers, within what is a most competitive market place."
